SUMMARY

I'm a professional with a Monash double degree in IT and Commerce, majoring in Business Analytics and Cybersecurity. I pair a technical toolkit across Python, SQL, machine learning, Power BI, and SAP with what I've always considered my strongest asset: my people skills. I aim to land as an impact hire from day one.

EXPERIENCE

Supply Chain Planner

BSH Home Appliances Australia, Melbourne, VIC

Jan 2026 to Present

- Own national inventory across Australia and New Zealand for Bosch, Siemens, Neff, and Gaggenau, managing stock transfers, allocations, and 3PL coordination in SAP.
- Built Python automation that consolidates retailer forecasts and replaces legacy import macros, cutting recurring processes from 30 minutes to under 2 minutes.
- Deployed UiPath RPA bots and AI agents integrated with SAP, removing repetitive planning and reporting cycles nationally.
- Built Power BI dashboards and Excel reporting across 500+ SKUs, cutting manual reporting effort by 25%.

Project Coordinator

Cummins Asia Pacific, Melbourne, VIC

Jan 2025 to Jan 2026

- Coordinated rail program delivery for Alstom and Sydney Trains, managing schedules in MS Project and auditing suppliers to ISO 9001 and ISO 3834.
- Drove two diesel genset programs through the full new product development lifecycle across automotive, industrial, mining, and power generation.
- Partnered with global teams across EMEA and Asia, working with counterparts in Singapore, the Philippines, and the US.
- Led RFQ processes with 30+ suppliers, delivering six figure annual savings through benchmarking and negotiation.

Student Telephone Fundraiser

Monash University, Melbourne, VIC

Jun 2024 to Dec 2024

- Raised AUD 300,000+ for Monash's scholarship program for disadvantaged students by cold calling senior executives and alumni.
- Generated leads for the Monash bequest appeal through persuasion and rapport in a high volume call centre.

Product Demonstrator and Content Creator

Dyson, Melbourne, VIC

Aug 2022 to Sep 2024

- Ranked number one nationally in sales across all retail staff for two consecutive years, broke the single day floorcare sales record, and was chosen as exclusive content creator for branded launches.

Technical Support Analyst

YoureOnTime, Melbourne, VIC

Feb 2023 to May 2024

- Supported 200+ SME clients on a cloud booking and point of sale platform across sales demos, migrations, data cleaning, testing, helpdesk, SEO, and marketing.

EDUCATION

Bachelor of Information Technology and Bachelor of Commerce

Monash University, Melbourne, VIC

Jul 2022 to Dec 2026

Double degree majoring in Business Analytics and Cybersecurity, with coursework in machine learning and project management. Innovation for Impact Award (2024) for a joint Microsoft AI project. Global Immersion Guarantee (2023) for a UN SDG consulting project in Fiji.

PROJECTS

- **Prevía**, AI Financial Intelligence Platform (Cofounder, since 2025). Cofounded a full stack AI platform (React, TypeScript, Supabase) automating SME receipt and bank statement reconciliation, with OCR and LLMs driving 90%+ accuracy.
- **GymBro**, AI Powered Fitness App (Solo Developer). Built a production mobile app (React Native, Expo, TypeScript) with offline first SQLite persistence and an agentic AI development workflow.
- **Borealis Creative**, Digital Marketing Agency (Founder, since 2021). Creative agency for franchise clients across websites, digital campaigns, and content; lifted client click through rates 80% and impressions 200% through SEO and campaign optimisation.
- **Behavioural Data Pipelines**, Monash University (Research Assistant, 2024). Designed Python pipelines processing 100K+ behavioural records for a PhD attention study, lifting analysis throughput 3x and contributing to a peer reviewed publication.

LEADERSHIP AND EXTRACURRICULARS

- **Founder, Preflight Initiative** (since 2024). A 100% self funded programme delivering study resources and learning materials to underprivileged children in Sri Lanka.
- **Member, Australian Air League** (since 2014). 11+ years in youth aviation.
- **Head Coach, Basketball Victoria and Waverley Raiders** (2017 to 2025). Eight years coaching state level junior teams.

SKILLS AND CERTIFICATIONS

- **Technical:** Python, SQL, R, Power BI, Power Query, Excel, VBA, SAP, UiPath, Power Automate, MS Project, Jira, Azure, machine learning, LLMs
- **Certifications:** Certified Procurement Professional, Lean Six Sigma Yellow Belt
