EDUCATION

Bachelor of Information Technology and Bachelor of Commerce (Double Degree)

Jul 2022 – Nov 2026

Monash University

Melbourne, VIC

- Majors: Business Analytics; Cybersecurity. Coursework: machine learning, econometrics, statistical modelling, data visualisation, database systems, risk management.
- Innovation for Impact Award (2024) – Competitive university-wide award for responsible AI solution design, evaluated on commercial viability, technical rigour, and societal impact.
- Global Immersion (Fiji) and Innovation Guarantee (Microsoft) – Led cross-cultural consulting engagements: UN SDG-aligned project delivery and AI-driven stakeholder experience prototypes.

EXPERIENCE

Supply Chain Planner

Jan 2026 – Present

BSH Home Appliances Australia

Melbourne, VIC

- Manage \$50M+ national inventory across AU/NZ for Bosch, Siemens, Neff, and Gaggenau in SAP, owning stock transfers, allocations, project reservations, and 3PL coordination to reduce backorder rates.
- Built the Customer Level Forecasting tool and a Python replacement pipeline for the PSI Tool import process, consolidating retailer forecasts across national accounts and reducing data processing time from hours to minutes.
- Developed Power BI dashboards, Excel/VBA automation, and Python reporting tools with procurement and sales teams, surfacing KPIs across 500+ SKUs and reducing manual reporting by ~25%.
- Delivered cost-benefit analyses and scenario planning to support procurement recommendations; led inventory audits and master-data validation across 3 DCs for senior stakeholders.

Procurement and Supply Chain Project Coordinator

Jan 2025 – Jan 2026

Cummins Asia Pacific

Melbourne, VIC

- Managed two concurrent development programmes for regional markets, coordinating cross-functional engineering teams and owning on-time delivery across multiple workstreams.
- Led end-to-end RFQ processes: supplier engagement, capability benchmarking, risk assessment, and commercial negotiation with 30+ suppliers; delivered cost-reduction initiatives contributing to six-figure annual savings.
- Developed Python automation and agentic AI workflows across 3 functions; designed Power BI dashboards improving programme visibility for APAC procurement across 10+ markets and 50+ categories.

Research Assistant

Jun 2024 – Dec 2024

Monash University VARS Lab

Melbourne, VIC

- Designed Python and R data pipelines processing 100K+ records through hypothesis-driven analysis, improving throughput by 3x and contributing to one peer-reviewed publication.

Product Demonstrator and Content Creator

Aug 2022 – Sep 2024

Dyson

Melbourne, VIC

- Ranked #1 nationally in sales across all retail staff for two consecutive years; broke single-day floorcare sales record; selected as exclusive content creator for branded product launches.

Technical Support Analyst

Feb 2023 – May 2024

YoursOnTime

Melbourne, VIC

- Managed client onboarding, data migration, and campaign coordination for a cloud SaaS platform (200+ SME clients); delivered insights driving 15%+ uplift in engagement.

PROJECTS

- Previa – AI Financial Intelligence Platform (Co-Founder): Co-founded full-stack AI platform (React, TypeScript, Supabase) automating receipt reconciliation for SMEs with 90%+ accuracy; managed end-to-end product delivery.
- GymBro – AI-Powered Fitness App (Solo Developer): Built production-grade mobile app (React Native, Expo, TypeScript) with offline-first architecture and agentic AI-driven development workflow.
- Borealis Creative Group – Digital Strategy (Project Lead): Managed concurrent digital projects for franchise clients including web development, SEO, and paid advertising, improving organic traffic by 40%.

LEADERSHIP AND EXTRACURRICULARS

- Programme Coordinator, Preflight STEM Initiative (2024–Present) – Founded and personally fund STEM outreach for underrepresented students in Sri Lanka; manage volunteer teams, curriculum, and programme delivery.
- Officer, Australian Air League (2014–Present) – 11+ years of youth leadership in aviation and civic education within a defence-aligned organisation; mentored cadets and coordinated squadron operations.
- Basketball Coach, Basketball Victoria / Waverley Raiders (2017–2025) – Coached junior teams for 8 years through state-level competitions.
- Student Fundraiser, Monash University Alumni Outreach (2024) – Contributed to raising \$300K+ for student scholarships through outbound engagement.
